Alphabetisches nach Schlagworten in deutscher Sprache sachlich geordnetes Verzeichnis von Aufsätzen, die in zumeist wissenschaftlichen Zeitschriften, Sammelwerken und Zeitungen nichtdeutscher Zunge erschienen sind.

Erklärungen.

Vorliegende Bibliographie bezweckt ein sachlich nach Schlagworten geordnetes **Verzeichnis von Aufsätzen aus Zeitschriften nichtdeutscher Zunge** zu bieten (wie dies in gleicher Weise die „Bibliographie der deutschen Zeitschriften-Literatur" für die Zeitschriften deutscher Zunge tut) und ist in gewissem Sinne als eine Ergänzung der entsprechenden Kataloge der Buchliteratur gedacht. Sie kann aber zweifelsohne auch von jedem Benutzer systematischer Spezialkataloge mit Vorteil eingesehen werden, wie eine Nachprüfung ergeben wird. Ihr Hauptvorteil besteht darin, daß sie ein schnelles Auffinden der auf ein beliebiges Spezialthema bezüglichen Aufsätze gestattet und die auf dieses Thema bezügliche Literatur aus Zeitschriften aller Wissensgebiete nachweist. Die synonymen Stichworte sind möglichst je zu einem Stichwort in deutscher Sprache vereinigt, da das Unternehmen zunächst eine Paralle zu obiger Bibliographie bilden soll; weitere Verweise und Anführung möglichst sämtlicher synonymer Ausdrücke müssen aus Platzmangel vorläufig unterbleiben. — Berücksichtigt sind vorläufig nur Originalaufsätze, längere Mitteilungan und bibliographische Zusammenstellungen. Bei weniger wichtigen und allgemeinverständlichen Zeitschriften, speziell Wochenblättern und Beilagen zu Tageszeitungen, wird eine passende Auswahl getroffen, bei manchen Publikationen nur hin und wieder Geeignetes berücksichtigt werden können. Aus Raumersparnis kann ferner der Inhalt allzu spezieller Zeitschriften nur soweit zum Abdruck gelangen, als er andere Stichworte betrifft. als aus dem Zeitschriftentitel sich ergeben würde. Aus Jahresberichten sollen nur etwa neu hinzugekommene Abteilungen oder etwa sich vorfindende Abhandlungen verzeichnet werden. — Die Rezensionen sind in Abt. C verzeichnet. — Zum gleichen Bande gehörige. aber erst nach Schluß desselben den Bearbeitern bekannt gewordene Arbeiten können erst im nächsten Bande berücksichtigt werden. — Aus technischen Gründen ist für eine Anzahl Zeitschriften eine besondere Nummer eingeführt, die in der Bibliographie fettgedruckt ist. Diese fettgedruckten Ziffern verweisen also auf die nachstehende und nach Nummern geordnete Liste: so würde beispielsweise die fette **187a** anzeigen, daß betreff. Artikel in der Zeitschrift enthalten ist. welche in der Liste die Nr. **187a** trägt, es ergibt dies aso „Atti della R. Accad. dei Lincei, Roma. Cl. d. sc. fis. Rendicondi", — Die unter einem Stichwort registrierten, aus derselben Zeifschrift herrührenden Artikel folgen zumeist hintereinander, und zwar ist der Zeitschriftentitel oder die fette Nummer nur beim ersten Titel angegeben, für Titel ohne Zeitschriftenbezeichnung gilt also die vorhergehende Zeitschriftenbezeichnung. Ist Bandzahl oder Jahrgang nicht angegeben, so sind diese Angaben aus der Zeitschriftenliste ersichtlich, fehlen solche auch in der Liste oder sollte die Angabe dort fraglich sein, so handelt es sich stets um den dem betr. Bande der Bibliogr. entsprechenden Jahrgang, für vorliegenden Band also; Jahrgang 1925—28. — Der in Parenthesen stehende Name ist derjenige des Verfassers des betr. Aufsatzes. — Bei Aufsätzen unter 5 Seiten Umfang ist in der Regel nur die Seite angegeben, auf welcher der betr. Artikel beginnt. — Die Aufsätze, deren Titel in [ ] zumeist in deutscher oder französ. oder engl. Sprache wiedergegeben sind, sind nicht in diesen Sprachen, sondern in den Sprachen der betr. Zeitschriften verfaßt (betrifft zumeist russische, tschechische, ungarische, skandinavische etc. Arbeiten). — Das Zeichen ~ steht für Wiederholung des Stichwortes.

Bei einer Anzahl von Titeln sind in Parenthesen [Ref. . . . .] Referate in deutschsprachigen Zeitschriften nachgewiesen.

Zeitschriften-Liste.

Neue Folge, III. 1925—28

Vorläufiges Verzeichnis einer Auswahl von Zeitschriften, die zunächst in der Bibliographie berücksichtigt werden. [Angestrebt wird möglichste Vollständigkeit der in Frage kommenden Publikationen des „Gesamtverzeichnisses der ausländischen Zeitschriften, herausgegeben vom Auskunftsbureau der deutschen Bibliotheken, Berlin".] Vollständigere Liste siehe die folgenden Bände.

Soweit bei den Titeln keine Bd.-Angabe sich findet, ist der Inhalt im vorliegenden Bande noch nicht berücksichtigt, anderseits finden sich bei einzelnen Nummern schon Bandangaben, die für den nächsten Band der Bibliographie gelten. Alle noch unerledigten Bände befinden sich zur Zeit in Bearbeitung.
